Vakblad voor de groenvoorziening | 38<sup>e</sup> jaargang | 22 september 2016

A close-up photograph of a bee on a cluster of small, light purple flowers. The bee is positioned in the upper center of the frame, facing right. It has a fuzzy, brown and black body and is perched on one of the flowers. The flowers are small, tubular, and arranged in a dense, upright cluster. The background is a soft, out-of-focus green, suggesting a garden setting.
